Date of Birth: 21/07/1999

QUALIFICATION SUMMARY

I am motivated, hardworking, possess good communication skills, and work well with others.

I have developed and demonstrated the skills and the ability to effectively listen and follow instructions while also being able to work autonomously when required.

I enjoy working in fast paced work environments. During my previous employment I have demonstrated that I am able to work in these environments and be a reliable and competent employee.

I have completed three years of tertiary study and obtained a Diploma of Interactive and Visual Games as well as completing my second year of a Bachelor of Games and Interactive Environments. I am a high achieving student and have obtained results consisting primarily of Credits, Distinctions and High Distinctions.

I am eager to obtain casual/part-time employment while continuing my studies. I am seeking a job that gives me opportunities to prove my employability while experiencing an enjoyable and interesting work environment. If given the chance I will prove that I am a reliable, dedicated and dependable employee.

I have an open drivers license and my own car. I am able to work any days or nights until my studies resume in March 2020 after which I will be unavailable for a few hours a week during each semester.

EDUCATION

2004 - 2012

Junior Certificate of Education | Wilston State School

2012 - 2016

Queensland Certificate of Education | Hillbrook Anglican School

I completed my Certificate of Education in 2016, my results included High Achievements in Mathematics B, Information Technology Systems and Graphics Design. On my final report card my home teacher (Bernadette Lane) commented that **"I am always prompt and reliable"** and **"demonstrated great loyalty to those in my peer group"**.

2017

Diploma of Digital and Interactive Games | Southbank TAFE - Completed

2018 - PRESENT

Bachelor of Games and Interactive Environments | Queensland University of Technology

EXPERIENCE

July 2018 – September 2019

Customer Service | Dominos Pizza

I joined Dominos in a casual position to gain work experience. Over 15 months of employment I demonstrated my ability to work autonomously in a fast pace work environment. During my period of employment, I proved to be a dependable and reliable employee and did not miss any rostered shifts. I often worked at short notice and was always able to work unplanned overtime when needed.

Duties Performed:

- Store Preparation
- Customer Service
- Customer relations
- Point of sale transactions
- Delivery
- Cleaning
- Store Closure

2015 – Present

Race Manager | Lake Samsonvale Water Sports Association (LSWSA)

This is a volunteer position which I undertake every second Sunday during the summer sailing season and once a month during winter.

Duties Performed:

- Manage the running of sailboat races.
- Coordinate starting and finishing of each race.
- Accurately record competitors finishing times and when required determine and post results.
- During races communicate with competitors and on water race support staff to effectively manage each event.

2014 – Present

Workshop Assistant | Jalex Hardware

This is a small business specialising in stainless steel building product located at Stafford which is owned by my family. When required I work for the business on a casual basis assisting my parents with various tasks.

Duties Performed:

- Product packaging
- Customer relations
- Point of sale transactions and invoicing (using QuickBooks)
- Product manufacture and quality control
- Powder coating
- Website management

September 2014

Work Experience | Noel Robinsons Architects

During my senior years at high school I was interested in a career in Architecture. In September 2014 I had five days of work experience with Noel Robinson Architects. At the conclusion of this experience I decided Architecture was not for me and have instead pursued my interests in computer coding (specializing in game design and user interaction).

SKILLS

- Communication
- Relationship Building
- Word Processing
- Power Point Presentations
- Graphic Design
- C# Coding language
- Cleaning / Organizing
- Customer Service
- Computer Coding (programming)
- Spreadsheet Design and Use
- Powder coating

ACTIVITIES/ INTERESTS

- Tennis
- Golf
- Mountain Bike Riding
- Snow Skiing
- Car Restoration
